Dementia and the cycle of role reversal

Lilly Naomi
Duke University, USA

My grandmother is an 88-year-old African American woman with dementia. My project seeks to explore the role dementia has played within my family, specifically, how the cycle of role reversal has shaped the matriarch position my grandmother once held within my family. Discussion of the topic will be facilitated by my grandmother, her children, and grandchildren. Literary works include publications that focus on dementia as a symptom and dementia as it pertains to the
