# Assessing non-milk monster of non-instructing sets up living with scholastic distortion

Rahul Hajare

Post Doc Fellow Indian Council of Medical Research

## Abstract

**Aim:** Fake can personality and personality is divine. According to a new research from Pune University teacher, living at higher latitudes, where there has also less sunlight, could result in a higher prevalence rate of obsessive-compulsive disorder (OCD) increase sexual desire focus on the less teaching link up and more exchange skin in the game either or. The results of this project have exciting because they provide additional evidence for a new way of thinking about all time sex (ATS). Besides sexual pleasure, the Indian married men have different reasons for sex. According to Interpersonal Exchange Model of Sexual Satisfaction in sexual interaction, women give something and get something in return, but what it has that Indian married men attain? How can we explain their rewards by interpersonal exchange model? Can "real values" be called rewards? This study has undertaken to determine Indian married men's rewards in sex by using the interpersonal exchange model of sexual satisfaction, and with regard to the cultural values among a sample of Indian married men.
