

Development of new purified vero cell rabies vaccine (Rabivax-S) at the Serum Institute of India Pvt.Ltd.

Ashish Sahai

Serum Institute of India Pvt. Ltd, India

Abstract

Introduction: TRabies is a 100% vaccine-preventable disease. Rabies disease still causes human deaths in the endemic areas in Asia and Africa. A cheap, rabies vaccine for humans that could be used in mass vaccination campaigns would be a valuable weapon against rabies. Serum institute of India Pvt. Ltd. has developed a new vaccine.

Methodology, Theoretical Orientation & Findings: Large scale production of Vero ATCC CCL81 cells were... [The text in this block is severely garbled and appears to be a corrupted scan of the methodology section.]

1.0 ml of sterile water for injection is supplied as a diluents.

Conclusion & Significance: [The text in this block is severely garbled and appears to be a corrupted scan of the conclusion section.]
