

The Role of High-Density Lipoprotein (HDL) in Cardiovascular Health

Department of Biochemistry, College of Computer Science, Tanta University, China

High-Density Lipoprotein (HDL), often referred to as “good cholesterol,” is a crucial component of the lipid profile and plays a protective role in cardiovascular health. Zhang D (2023) The Role of High-Density Lipoprotein (HDL) in Cardiovascular Health. *Atheroscler Open Access* 8: 239.
